(Version 04 / 2018)

- valid as of 25.05.2018 -

1. General

- 1.1 Our purchase orders and contracts are exclusively based upon these Ts&Cs unless otherwise agreed in writing. Our Ts&Cs apply excluding any general terms and conditions of our Suppliers and subject to deviating agreements in writing for any current and future deliveries and services to us vis-à-vis entrepreneurs, legal entities of state-organizations or public-law-entities. They do not apply vis-à-vis consumers.
- 1.2 The then current version of these Ts&Cs at the time an order is issued is applicable.
- 1.3 Our Ts&Cs also apply if we accept or pay for supplied materials without any reservations having knowledge of contradicting and deviating terms and conditions of our Suppliers.
- 1.4 Supplementary to these Ts&Cs apply the relevant statutory provisions.

2. Purchase order / placing of order, Open Source Software ("OSS")

- 2.1 A purchase order or a placing of order is only legally binding if these are issued by us in writing or confirmed in writing. Deviations from the Ts&Cs require our explicit confirmation in writing. Verbally agreed conditions are not binding.
- 2.2 The respective contract shall be concluded with the content of our purchase order respectively our placing of order subject to our right to amend and/or adjust the purchase order (time of delivery, scope of order etc.), unless the Supplier expressly dissents. An objection by Supplier to a respective purchase order or placing of order is only valid upon stating explicit reasons within 5 business days after receipt of the purchase order.
- 2.3 Without our prior written consent Supplier is not allowed to integrate OSS into the delivered goods. In the context of this provision OSS means any software that is provided royalty-free by the respective licensor to any user on the basis of a license or another agreement with the right to modify and to use the software. The integration of OSS into the delivered goods without our prior written consent shall be deemed as a fundamental breach of the contract.

3. Prices, packaging, invoices and payment terms

- 3.1 The price stated in our purchase order or order document is binding. The price is net plus VAT and includes the costs according to DAP Incoterms® 2010 to the shipping address specified in the order. The VAT must be stated separately.
- 3.2 Upon our request Supplier is obligated to retract any packaging material on his own costs, without the requirement of an explicit prior proviso from our side.

- 3.4 Auditable invoices and confirmed efficiency statements regarding fulfilled services are to be sent to us in two copies including our purchase number as well as the number of each individual item. Copies of invoices shall be marked as duplicates.

If payment is made within 14 (fourteen) days, we are entitled to a 3 % (three percent) discount. The payment period shall commence as soon as any delivery or service is completed and a correctly issued invoice is received.
- 3.6 We use "shared charges" for our payments, that means we pay for charges levied by our bank only. All other charges have to be paid by beneficiary.
- 3.7 Insofar as the Supplier must provide material certificates, test records or quality control documents or any other documentation, such shall be a part of the requirements of the completeness of the delivery or performance. A discount shall also be allowed if we set off or withhold any payments to a reasonable extent on account of any deficiency.
- 3.8 Payment does not constitute an acknowledgement that the corresponding delivery or services were provided in accordance with the contract.
- 3.9 The Supplier hereby expressly consents that any payment obligation under the contract may be fulfilled by any SGL Group company.

4. Time limits, delivery schedules, penalty

- 4.1 The agreed delivery, performance and completion schedules and dates are binding.

- 4.3 If – in the event of late delivery – the Supplier cannot prove that he is not responsible for the delay, we may charge a penalty in respect of each commenced working day of delay amounting to 0.3 % but not exceeding a total of 5 % of the net contract value. In the event that the appropriate reservation of rights is not made at the time of acceptance of delivery, services or rectification, this penalty may still be claimed if the reservation of rights is made until the date of final payment.
